DISASTER RECOVERY

FEMA Public Assistance and HMGP Documentation Support

After a major disaster declaration, the reimbursement a community receives depends on the documentation behind every project. ERGSS works alongside your staff so that record is complete, compliant and defensible from the first damage inventory through closeout and audit.

Who we serve: Counties, cities, tribes, school districts, utilities and other Public Assistance applicants

WHAT ERGSS DELIVERS

Project formulation
Help scoping and writing Public Assistance projects, from the Exploratory Call and Recovery Scoping Meeting onward.

Procurement compliance
Review of procurement and contracts against 2 CFR 200 so eligible costs are not put at risk.

Representation
Representing the applicant in its dealings with the state and FEMA, through project worksheets, appeals, closeout and audit.

Damage inventory and cost documentation
Building the damage inventory and the cost files for debris removal, emergency protective measures and permanent repairs.

Reimbursement documentation
Preparing the documentation behind each reimbursement request in the form the state and FEMA expect.

Hazard Mitigation (HMGP)
Identifying mitigation projects and preparing HMGP applications while the declaration window is open.

WHY ERGSS

- Cadre members have served on FEMA Incident Management Assistance Teams and directed emergency management for counties.
- Staff work as an extension of your finance, grants and emergency management teams, on site or remotely.
- Surge staffing available on short notice for large declarations.

RELEVANT PAST PERFORMANCE

- **Dallas Fort Worth International Airport.** Pandemic preparedness plan, among the first at any international airport, validated through tabletop and functional exercises; COOP planning and EOC management support.
- **CRIPT Academy.** An executable continuity of operations plan for the organization.

A 20-minute call to walk through where your projects stand and what documentation is still open.
