ERGSS

PREPARE · RESPOND · RECOVER · MITIGATE

PUBLIC SAFETY TRAINING AND PUBLIC HEALTH

Training for Fire, Law Enforcement, Hazmat, Special Operations and Public Health

Responders train for what they will face. ERGSS courses are taught by practitioners and built around real incidents, delivered at your site by mobile training team, online, or at ERGSS facilities, in the US and abroad.

Who we serve: Fire departments and academies, law enforcement agencies and academies, hazmat and special operations teams, and state and local public health departments

WHAT ERGSS DELIVERS

Incident command

ICS 300/400, command and general staff, and position-specific courses.

Integrated response

Mass-casualty and active-attack integrated response training for fire, EMS and police together.

Public health preparedness

Public health emergency preparedness plans, point-of-dispensing and medical countermeasure exercises.

Hazmat and special operations

Hazmat, technical rescue and special operations training, including battery and data center hazards.

Counterterrorism and community education

Counterterrorism awareness and community education programs.

Epidemiology surge

Epidemiology and response staff support during outbreaks.

WHY ERGSS

- Cadre members have instructed incident command for the DHS Center for Domestic Preparedness.
- Experience on Type 1, 2 and 3 all-hazard incident management teams.
- Training delivered on site, online or by mobile training team.

RELEVANT PAST PERFORMANCE

- **Charlevoix Fire Academy.** Fire and EMS training for the regional fire service over several years.
- **Florida Power & Light.** ICS-300 and ICS-400 training reinforced with tabletop exercises for utility personnel.
- **Fidelity Investments.** Incident Command System instruction for corporate staff in Boston, Massachusetts.
