ERGSS FAMILY ADD-ON

ERGSS Emergency Ready

When a warning comes, everyone knows where to go.

Most family emergency plans live in a drawer. Emergency Ready puts yours on every phone and sets it in motion with one alarm: where to meet, how to get there, and who is already safe.

WHAT EMERGENCY READY ADDS

Rally points, saved ahead
Save meeting places near home and out of the area, before you need them.

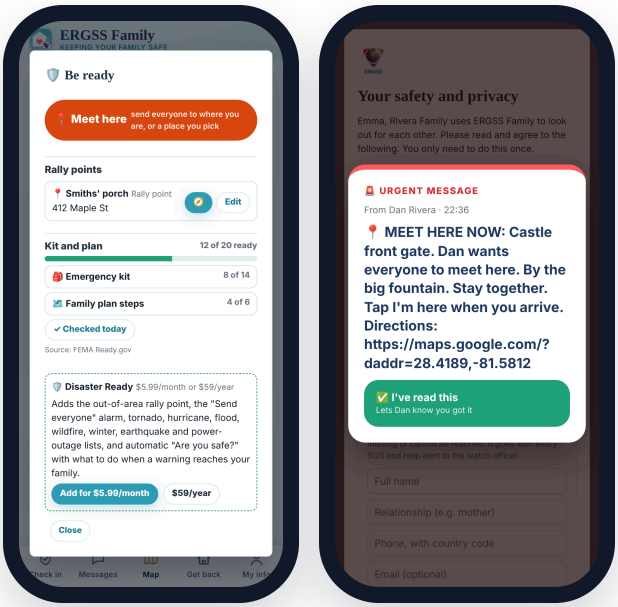

One alarm brings everyone in
"Go to rally point" sounds on every phone, with directions and a live list of who has arrived.

"Are you safe?" automatically
When a warning reaches your family, everyone is asked, and you see the answers.

Steps for the hazard at hand
Warnings carry what-to-do steps for that hazard, plus an out-of-area contact everyone can reach.

A plan that works with no signal
Your family emergency plan is on every phone and opens offline, with SMS fallback.

Supplies, checked off
An emergency supply checklist based on FEMA Ready.gov.

Emergency Ready add-on, per family

$5.99 / month or **$59** / year

Adds to any Family plan. Included with Family Watch.

Included in every Family plan

- ✓ Meet here: drop a pin, everyone gets directions
- ✓ The basic emergency supply checklist

Always call 911 first. Checklist adapted from FEMA Ready.gov; ERGSS is not affiliated with FEMA.
