FOR A PARENT WITH A FLIP PHONE

ERGSS Family Care by Phone

Looking after Mom or Dad, even on a flip phone.

Family Care by Phone works on any phone that can take a call, including the simple flip phones many parents prefer. There is nothing for them to download or learn. You set it up; their phone simply rings.

WHAT YOUR PARENT GETS

☎ **A daily "I'm OK" call**
At the time you choose, a short call. They press 1 or say "I'm fine." No answer after two more tries, and you are called and texted right away.

💊 **Medicines on time**
A call at each dose; they press 1 when it is taken. A missed dose sends you a text.

📅 **Appointments remembered**
A reminder the day before and that morning. Pressing 2 tells you they need a ride or a hand.

SOS **Help with one press**
Press 2 on any call, or text HELP, and the family is alerted at once.

🌩 **Storm and heat warnings**
A short spoken warning for their address, with what to do.

👥 **The whole family in the loop**
Brothers and sisters each get alerts and a weekly summary, wherever they live.

EASY TO START

You set it up in minutes

1. **Sign up online or by phone**
   ergss.net/family/care/phone
   or (202) 978-2666
2. **Tell us the routine**
   Check-in time, medicines, appointments and who to call
3. **We confirm by text**
   A welcome call to your parent, and calls begin

What Mom hears at 9:00:
"Good morning, Mary. This is your Family Care check-in. Press 1 if you're fine, or press 2 if you need help."

PRICING

Essentials

$19.99 / month per parent

$16.99 with an ERGSS Family plan. Daily check-in, 2 medicine reminders a day, 5 appointment reminders a month, 2 family contacts.

Plus

$29.99 / month per parent

$24.99 with an ERGSS Family plan. Morning and evening check-ins, 4 medicine reminders a day, 8 appointment reminders a month, 4 family contacts.

Extra daily reminder times $3/month each. Family alerts and HELP texts are always included.

✔ Works on any phone ✔ No app or internet needed ✔ No pendant, no contract

ERGSS Family Care by Phone is a reminder, check-in and notification service. It does not provide medical advice, and it is not a substitute for calling 911. Basic phones do not share location; ask us about pairing a GPS medical alert device.
