DUTY OF CARE
ERGSS Global Watch

Know where your people are, what is near them, and who has answered.

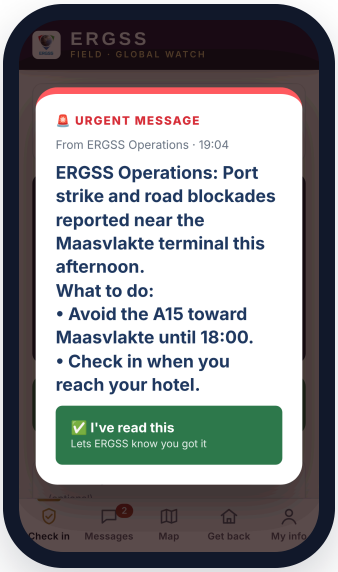

For companies, universities, schools and agencies with people traveling or deployed. Global Watch pairs a traveler app with an operations center your team runs, or that the ERGSS watch floor runs for you around the clock.

FOR TRAVELERS AND DEPLOYED STAFF

ERGSS Field app
Check-ins, Help/SOS, crash detection and live background location, with traveler and watch-officer modes.

Briefed before they go
Threats, State Department and UK advisories, embassy alerts, health notices and vaccinations, updated during the trip.

Warnings scaled to distance
Threats are scored by distance from each traveler, with tiered warnings and what-to-do steps.

FOR YOUR OPERATIONS CENTER

One live picture
Live map, wall display, on-call paging and a watch log. Staff recall.

Warnings, ready to send
Drafted automatically and popped up for one-click send to everyone in range.

A record that holds up
Incident timeline, ICS 214 export and after-action report. Divisions see only their own trips.

PLANS FOR EVERY SIZE OF PROGRAM

Bronze	Silver	Gold	Platinum
Ask for a quote	Ask for a quote	Ask for a quote	Adds ERGSS 24/7 monitoring

Founding customers receive 10% off the first annual subscription.

Monitoring does not include rescue. Evacuation and medical transport are billed at actual cost.
